Monday, January 11, 2016 12:36

Flag for follow up. Start by Monday, January 11, 2016. Due by Monday, January 11, 2016.

Good Afternoon-

As the co-chairs of the Campus Budget Committee, I am reaching out to inform you of planning the College Planning Committee is conducting in regards to the Accreditation Self-Study report, in preparation for our site visit in fall 2017.

This accreditation cycle we would like to ask the shared governance groups to serve as the Standards teams. The Planning Committee has assigned the shared governance groups Standards that are most relevant to their area. **Campus Budget has been assigned Standard 3.D (Planning and Fiscal Responsibility and Stability) - Resources.**

Attached you will find a proposal that will be presented to College Council this Thursday that outlines the Standards assigned to each shared governance group and a timeline for completing the Self-Study report.

I have also attached a copy of the Standards for your area with questions ACCJC would like addressed within the Self-Study report.

**Lastly, I would like to meet with your group during the winter quarter to provide training on the Standards and go over the timeline.** Please let me know when may be a good time for me to attend one of your meetings, I would likely need 20-30 minutes for this very important training.

Thank you in advance for your time and commitment to accreditation,

Mallory
