

Multiple Measures Spring Follow-up Math Department

## Considerations Moving Forward:

1. Low match rate with Cal-PASS Plus - consider collecting and using self-reported transcript data
2. Change the way we notify students of their placement level i.e. psychological implications of receiving two placement levels and one week lag between the Accuplacer score and the multiple measures score
3. Consider using the EAP score of Standard Exceeded as an additional Multiple Measure

Recap on Historical Placement and Completion Rates

## Placement and Enrollment Rates

|  | First <br> Time <br> Students | Percent <br> Placing in <br> Basic Skills <br> Math | Percent <br> Enrolling in <br> Basic Skills <br> Math in First <br> Year | Percent <br> Placing in <br> College <br> Level Math | Percent <br> Enrolling in <br> College <br> Level Math <br> in First Year |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Fall 2015 | 3,684 | $75 \%$ | $83 \%$ | $15 \%$ | $84 \%$ |
| Fall 2014 | 3,657 | $76 \%$ | $84 \%$ | $14 \%$ | $87 \%$ |
| Fall 2013 | 3,677 | $76 \%$ | $82 \%$ | $13 \%$ | $84 \%$ |

Students who took placement test on March 1-September 30 prior to each fall term
Includes the highest test score received in the subject area
Math placement includes Math 210, 212, 217 for basic skills; Math 10, 11, 41, 44, 45, 57 for college level

## Tracking Students Through Transfer Level

## Fall 2012 to Spring 2015-3 Years

MATH10, 11, 41, 44, 46
Starting Cohort
\% Complete
MATH114
555
88\%
MATH212
851
48\%
MATH210 297 21\%
Students who started in the basic skills course listed and completed Math 10, 11, 41, 44, 46 within 3 years.

## Last High School Math Class

| Course | Students | Average Grade |
| :---: | :---: | :---: |
| Algebra 2 (5) | 5,038 | D+ (1.83) |
| Calculus (8) | 2,252 | C+ (2.58) |
| Geometry (4) | 2,582 | D+ (1.84) |
| Math Analysis (7) | 1,791 | C (1.98) |
| Algebra 1 (3) | 1,298 | D+ (1.84) |
| Math Analysis (7) | 1,791 | C (1.98) |
| Statistics (6) | 1,037 | C+ (2.39) |
| Pre Calculus (7) | 1,000 | C+ (2.28) |

$N=15,770$; Last math high school course completed and average grade for students who enrolled at De Anza. (0-9; $0=$ least rigorous; 9 = most rigorous) Includes only the top courses by enrollment. Students enrolled in HS between 1997 and 2014. Source: CalPASS Plus

## Rule Set Compared to Average GPA

| Transfer Level Course | Direct Matriculant | Average High School <br> Unweighted GPA of <br> De Anza Students |
| :--- | :--- | :--- |
| Statistics (Non STEM) | HS 11 GPA >= 3.0 (B) |  |
|  | OR | B- (2.7) |
|  | HS 11 GPA >= |  |
| AND Pre-Calculus C+ <br> (or better) |  |  |

Unweighted GPA for students who took a course within the subject area in high school. Last high school GPA, $11^{\text {th }}$ grade for direct matriculants, $12^{\text {th }}$ for non direct, $N=15,770$ Source: The RP Group and CalPASS Plus

## Spring 2016 Pilot - Early Results

## CaIPASS Matches

| Students uploaded to <br> CaIPASS | 308 |  |
| :--- | :--- | :--- |
| Student matches | $\mathbf{1 7 1}$ |  |
| No match | 137 | 33 were out of state, the rest <br> were high school graduates <br> with no transcript data |
| Usable matches | 79 |  |

## Math Placements

| Multiple Measures | Accuplacer | Students |
| :---: | :--- | :---: |
| MM Matched |  |  |
| MATH42 | MATH42 | 1 |
| MATH10 | MATH10 | 4 |
| MATH114 | MATH114 | 1 |
| MATH212 | MATH212 | 2 |
| subtotal |  | 8 |
| MM Higher |  |  |
| MATH10 | MATH114 | 4 |
|  | MATH210 | 1 |
| MATH114 | MATH212 | 11 |
| MATH212 | MATH212 | 1 |
| subtotal |  | 1 |
| MM Lower |  | 18 |
| MATH210 | MATH212 | 1 |
| subtotal |  | MATH114 |
| Grand Total |  | $\mathbf{1}$ |

First time students who took a math placement test for the first time between 2/8/16 and 4/19/16.

## Math Enrollments

| Multiple <br> Measures | Accuplacer | Course <br> Enrolled | Students |
| :--- | :--- | :--- | :---: |
| MATH10 | MATH114 | MATH114 | 1 |
| MATH210 | MATH212 | MATH212 | 4 |
|  | MATH212 | MATH212 | 1 |
|  | Total |  | 6 |

First time students who took a math placement test for the first time between 2/8/16 and 4/19/16. Source: IRP

## Data Matching and Self-Reported Data

## High Schools Reporting to CalPass Plus

| CalPass Data Available | Reporting High School | Enrolled in Fall 2014 | \% Enrolled in Fall |
| :---: | :---: | :---: | :---: |
| 2014-15 | East Side Union | 984 | 28\% |
| N/A | Other California/Out of State | 700 | 20\% |
| 2014-15 | Fremont Union | 486 | 14\% |
| 2012-13 | San Jose Unified | 405 | 12\% |
| 2009-10 | Campbell | 279 | 8\% |
| 2014-15 | Santa Clara Unified | 194 | 6\% |
| N/A | Milpitas | 129 | 4\% |
| N/A | Santa Clara Private HS | 66 | 2\% |
| N/A | Morgan Hill | 59 | 2\% |
| 2012-13 | Mountain View-Los Altos | 52 | 1\% |
| N/A | Los Gatos | 52 | 1\% |
| 2014-15 | San Mateo Union | 51 | 1\% |
| N/A | Sequoia | 20 | 0\% |
| N/A | Gilroy | 18 | 0\% |
| N/A | Palo Alto | 14 | 0\% |
| N/A | San Mateo Private HS | 13 | 0\% |
|  | Total | 3,522 |  |

## Self-Reported Data

## Self-reported HSGPA appears to be reliable alternalive

- College of the Canyons Research (Gribbons, 2014)
- Self-report of last course and grade in Fall term very accurate
- Errors that do occur in part because of timing
- University of California admissions
- Uses self-report HSGPA but verifies after admission
- 2008: 9 campuses, 60000 students. No campus had more than 5 discrepancies b/w reported grades and student transcripts:
- hittp://bitily/UCSelfReportGPA
- Much of the ACT research uses self-report GPA and finds it to be a more powerful predictor than students actual scores on the standardized tests
- ACT, 2013: $r(1978)=.84$

CSU's Early Assessment Program (now part of Smarter Balanced K-12 testing system)

- Assessment of high school juniors to measure their readiness for college-level English and Math
- Includes a computer adaptive test and an essay (English)
- CSU accepts students who receive 'Standard Exceeded' into college-level English and Math coursework - do not need to take a placement test

More information:

## @Realize

## Next Steps

- Continue to place students using Accuplacer and Multiple Measures
- Use EAP scores to place students as a multiple measure as well?
- Discuss different ways to notify students in the pilot
- Provide only one placement level rather than Accuplacer and MM?
- Automate the process so students receive their MM placement at the same time as Accuplacer (now a 1 week delay)
- Continue to track the spring cohort to multiple outcomes
- Survey students who were in the pilot to get their feedback
- Discuss the possible use of self-reported transcript data
- Collect course, grade, and GPA on application
- Validate $10 \%$ of self-reported data against CaIPass transcripts
- Allows greater access for students without transcript data in CalPass
- Increase our sample size to determine if MM is working or not
